

Knowledge

- **ieee.tv:** Award-winning, Internet-based television network. It produces and delivers special-interest programming about technology and engineering.
- **IEEE Spectrum Magazine:** It is a monthly magazine for technology innovators, business leaders, and the intellectually curious.
- **IEEE Potentials Magazine:** It is destined for undergraduates and graduates; students and young professionals. It explores technology updates. It is published bi-monthly starting in January six times a year.
- **IEEE e-learning library:** It is a series of online learning tutorials based on educational content from IEEE conferences around the world. These tutorials have been developed by experts of engineering and research technologies.
- **IEEE e-book Classics:** IEEE members now have access to more than 250 eBooks from the IEEE Press collection through IEEE Xplore. The eBook collection spans a number of today's technologies across 15 different content areas.
- **IEEE Xplore Digital Library*:** It gives you instant access to all IEEE journal articles, magazines, and conference papers. You can access all IEEE Xplore abstracts for free.
- **IEEE Society Publications:** IEEE offers global membership in nearly 40 different societies, each targeted to a specific technology sector, and qualified students can join IEEE at a special discount rate. You can also join other specialized IEEE professional groups.
- **IEEE Proceeding:** This journal informs you about trends in electrical engineering, electronics, and computer-science technology.

Community

- **IEEE memberNet:** It is the exclusive directory of IEEE member. It is an invaluable online search and contact tool that connects you to the member experts, helpers and advisors in all fields.
- **@ieee.org:** It is free IEEE Personal Email Alias. All incoming attachments are automatically scanned for viruses with the latest antivirus software.
- **myIEEE:** It is a member's personalized gateway to IEEE membership.
- **IEEE Sections and Technical Chapters:** There are over 300 local IEEE Sections and 1,700 IEEE Chapters that unite local members with similar technical interests. The goal is to provide them with activities that they are interested in.
- **The institute Newsletter:** It is available monthly as a web publication; it is mailed quarterly to all members of IEEE.
- **IEEE Societies:** In IEEE's publications, conferences, and building technical communities, you can be connected with 38 technical Societies that keep you in touch with technology profession, and invest in your career.

- **IEEE conferences:** IEEE offers more than 1,100 annual conferences worldwide involved in the technical program development, As an IEEE member you get a discount on all these events.
- **GoogleApps@IEEE:** Offers a unique @ieee.org e-mail address, 30 gigabytes of shared storage (Gmail and Google Drive), 99.9 percent up time guaranteed by Google, advertisement-free Gmail and storage of files in the cloud for easy sharing and access from anywhere via Google Drive.
- **The Institute:** The member newspaper of the IEEE. Available monthly as a Web publication.
- **IEEE Collabratec:** It is an integrated online community where professionals can network, collaborate, and create. It offers a suite of productivity tools technology and is available to technology professionals around the world with exclusive features for IEEE members.

Profession

- **IEEE Job Site:** It helps a lot to find an appropriate job related to your field in engineering.
- **Career Alert Weekly E-mail:** A weekly email newsletter containing career advice plus the job of the week from IEEE Job-Site.
- **IEEE Mentoring Connection:** This program uses a unique web based interface to help potential mentoring partners find each other based on mutual professional interests.
- **Consultants Database:** It is the premier service available for matching technical consultants with clients, who are self-employed and looking for new business.
- **Scholarships and awards:** IEEE offers a variety of awards, scholarships, and fellowships for IEEE student members. Submit a project or paper for consideration and have the opportunity to win and gain peer recognition for your effort.
- **IEEE Member Discounts:** Members save on IEEE's essential products and services, IEEE-sponsored products at attractive group rates.
- **IEEE ResumeLab:** It is an online service allowing IEEE members to develop resumes or curriculum vitae with an array of templates, perform mock interviews, develop letters, portfolios, and skills assessments.
- **IEEE Student Competitions:** Competitions develop students professionally and technically. Many of them, like **IEEEXtreme** and Student **paper contest**, provide a way for student members to connect to the global IEEE community.

** Requires an additional fee, but IEEE members receive exclusive discounts.*
